NOTICE TO DEMOCRATS.
There will be a meeting of the Car-
bon County Democratic Committee at
the Court House, Mauch Chunk, Pa.,
on Saturday July 10th, 1892, at 1
o'clock P. M. All the members of the
County Committee and Democrats
generally are requested to be present,
as business of importance is to be
transacted. FRANK P. SHARKEY,
Chairman Carbon Co. Dem. Committee.

WEATHERLY will have a button fac-
tory.
Is Lehighton trying to button on to
anything.
THE FREELAND TRIBE is four years
old. It is one of the best papers we
know of—independent and truthful
elements in journalism that are always
popular.

CRAIG FOR CONGRESS.
The Democracy of Carbon county is
to be warmly congratulated on having
so strong and brilliant a candidate for
congressional honor as Hon. Allen
Craig, one of the foremost members of
the Bar and a brave, intelligent pen-
man who could go to Congress and re-
present the interests of his constituents
without a narrow-minded and bigoted
partisan disposition. Senator Craig
would honor to this district. He has
the brains and general ability of a
wise and judicious legislator and in
his common people would certainly
find an able and brilliant adherent to
his manifold interests. Let it be the
Senator by all means. Every Demo-
crat can vote for him and our friends
the Republicans can not get a better
man.

THIS IS THE PLACE.
Lehighton, Weissport seemed to have
been specially designed for manufac-
turing centres, having unexcelled na-
tural facilities, and there is no known
reason why in the course of a few years
things should not be humming away
here in the greatest degree. But our
people must awake; we must move on,
we must show some spirit, some enter-
prise and ambition. We all want
to rise above the common level, we all
want to see the two towns some day
merged into one and made the centre
of the business for the Lehigh Valley.
This is possible if the spirit tending to
greater things is exerted in the right
direction and those who possess the
means will not grease the wheels of
enterprise with a little of their solid
cash. The enterprising spirit of the
town council have started the ball roll-
ing by exempting from taxation for a
period of ten years all industries desir-
ing to locate here and who will em-
ploy not less than fifteen men; fol-
low this with a liberal and liberal
owners in the south end of town in a
beautiful locality offer free sites for
any industries that come to this place.
This shows the proper spirit and in-
centive for better and greater results.
Let us all put our shoulders to the
wheel and push, push, push until re-
sults that are beneficial are attained.
This can be done if we are all in har-
mony and why should we not?

THREE WARDERS FOR LEHIGHTON.
The Court has approved the petition
devising Lehighton into three wards
and practically now a new and better
future dawn for the town. The spirit
of old Lehighton has been knocked in
the head and our people move along in
the right direction to ultimately be the
largest and very best town in the
Lehigh Valley. Of the three wards the
first and third are Democratic and the
second will very likely be Republican.
There will be three councilmen, and
three school directors to each ward.
At present there bodies are divided as
follows:
First ward, councilmen, James P.
Smith and Moses Hellman; school
directors, L. J. Haasman and Daniel
Wesand.
Second ward, I. S. Koch and J. L.
Gabel, councilmen; L. H. Kollstam
and Wm. C. McCormick, school direc-
tors.
Third ward, L. J. Heist and H. T.
Brennan, councilmen; G. H. Kemmerer
and M. O. Bryan, school directors.
The other members will in all proba-
bility not be elected until the next
spring election.
The polling places will be at the
Valley House, Carbon House and
Mansion House.
Now then let our people move for
industries that Lehighton may be
what God designed it to be when he
gave us all our natural advantages.

Brooklyn's New York Letter.
New York, June 21.—Year after year
the conviction is forced upon us that
we have placed too slight a price upon
our citizenship. It is desirable that all
who come among us to live and make
homes, if they have the proper quali-
fications and character, should, after
due probation and trial, be invested
with the rights of citizenship. One of
the essential requisites of citizenship
ought to be that the applicant should
be able to read the ballot, which in the
hands of the voter, ought to be a guar-
antee of the safety of the republic, but
which, given to the brutalized, ignorant
multitude about election time, are
turned out here at the rate of blank
checks in a single day, become instru-
ments of national destruction and dis-
grace, more dangerous than an invading
army. In one case last fall 253 voters
were turned out in a single day, and in
the following two days 347 and 613.
They were actually turned out at the
rate of one a minute for every working
hour of the day, and this in the face
of the fact that the judge is sworn that
he will satisfy himself as to the quali-
fication of the voter.
In Judge McLean's court nearly 700
foreigners were indicted and threaten-
ed with the month of October, 2000 of them being
Russians, Poles and Hungarians, not
one in 20 of whom could speak a word
of our language, and not one in a
hundred of whom could either read or
write it. These men were not driven
to the polls on election day, but they
were actually turned out at the rate
of one a minute for every working
hour of the day, and this in the face
of the fact that the judge is sworn that
he will satisfy himself as to the quali-
fication of the voter.

THE
BIERY,
WEISSPORT, PA.

THE POTATO BUG—A mean,
miserable bug that kills potato-
es, is, according to all reports,
more numerous this year than
for some seasons past. Farmers
and Gardeners all over the
country are looking for some
effective remedy against their
deprecations and always take
PAINE GREEK. We have the
genuine article and are selling
it at TWENTY-FIVE CENTS PER
POUND, and it is warranted to
do the work required. We in-
vite the farming fraternity to call
here and buy when looking for
a thoroughly first-class article of
this kind.
